## THE DEATH OF MR. CHILEY.

We are compelled again to allude to this painful subject by the course pursued by the Van Beven piurnals. The Age of yesterday says that its remarks on Friday, were misunderstood by usand the Daily Journal, in attributing to it a design to charge Mr. Cilley's death upon the Bank garly. If there were any misunderstanding it was on the part of the Age, and not on our part. The editor must have misunderstood the meaning of the language he used, as the following extracts will show :

could not be spoken without offence to a conbination of Rank desperadoes who we attempting to overawe the House of Representatives. but the great question whether a deliberate attempt on the part of Wise and others to browbeat into silence the Anti-Bank Representatives of the North"

"a victim in the cause of the country, and because he would not yield to the overbearing domination of the Bank Aristocrocy."

Such is the language of the Age, the meaning, of which cannot be disguised or misunderevod; but which is now disclaimed. As a matter of courtesy we should most readily admit the disclaimar, were it not for the strong array of circumstances, which compels our reasonagainst our will to doubt its sincerity, and draws us irresistably on to the conclusion, that it is the deliberate design of the Van Buren leaders in New England to forn this affair-to-political account. If this be not so, what meant the Boston Morning Post, when it said."

"What burning indignation will fill the bosom of every Republican in New England, at a recital of this dreadful tragedy at the contemplationsof the POUL MURUEN of the brave de fender of their dearly cherished principles! Will not the bonest yeomenry of New Hampshire, and of Connecticut, who are soon to ex-

### CONGRESSIONAL.

The Business of Congress was resumed with vigor on the first inst. In the Senite, Mr. Davis of Massachisetts made a very able and convincing speech upon the Sub-Treasury Bill. He showed most conclusively that the Rill was nothing more nor less Ilian a Bill to create a great national Government Bunk & REAL monster with a power a thousand lines greater, and more concentrated and dangerous, than eve er was or could have been that of the Bank of the United States and that the establishment of such a power had been "the settled policy" of the Administration, outling itself Democratic, ever since the nacession of Andrew 1st. Mr Strange of North Carolina succeeded Mr Davis, but by no means succeeded in weakening his positions or controverting his arguments.

In the House, the Bill making the annual appropriation for Pensions was taken up, and a long debate ensued upon subjects connected with the Bill. The corruptions and iniquities of some of the Sub-Treasury Pension Agente and "His (Mr. Cilley's) only grime was that truth Commissioners were exposed by Mr Curtis of New York Mr Bell of Tennessee Mr Jennifer of Maryland, and Messrs. ## AUGUSTA ROAD.

We have received the following Communica tion on this subject from a highly respectable source; - - - - -

To the Editor of the Whig & Courier.

Sir I noticed an article in your paper headed "Important to the travelling public," which states "that the road so long contemplated between Bangor and Augusta is completed, is in excellent order for travelling, and shortens the distance three and a half miles," &c.

Believing the above statement, to be a fraud pon the public, and at variance with facts, as the author of it well knew, I have caused an admeasurement of said road, as well as the stage road running parallel, that the public may be undeceived in regard-to-their relative distances. The roads were measured by Isaac Abbott, Esq. of Jackson, a gentleman well known as a scientific surveyor, whose statement below may be relied upon for accuracy.

The undersigned, having-measured the Singe and North roads from Bangor to where they intersect each other in the Town of Troy one passing through Hampden, Newburg, and Dixmont-the other through Herman, Newburg. and North Diamont have found the former 25 174-320 miles, and the latter 25 215-320 miles. making the former the shorter by forty one rods. ISAÁČ ÁBBOT. March 2d, 1838.

REPORT OF THE PROCEEDINGS OF THE WHIG STATE CONVENTION. HOPDEN IN AUGUSTA ON THURSDAY THE FIRST

DAY OF MARCH. Pursuant to public notice, a very large numher of Whigs from different parts of the State, including the apponents of the National Administration belonging to both branches of the State Legislature, assembled in the Representatives chamber at the Capitol in Augusta, Thurs-

At 7 o'clock the meeting was called to under by John S. Tenney, Esq. of Norridgewock, on whose metion.

Hon. Edward Robinson of Lincoln County was appointed President of the Convention Noish Smith, Jr. of Calais, Moses Emery of Sacs, Secretaries.

On motion of Mr. Randall of Lincoln, Voted, that the Convention proceed to ballot for a candidate to be supported by the Whys for Governor at the next annual election.

Mr.Randall of Bath, Mr. Lothrop of Hallow-II, Mr. Atwood of Frankfort, Mr. Roberts of Guiltord, and Mr. Adams of Union, were apof votes given in was 252, of which 251 were for EDWARD KENT of Bangor, which report was unanimously accepted; and on motion of Mr. Randall of Lincoln, a committee consisting of Mr. Randall of Bath, Mr. Dunlan of Bruns. wick, Mr. Came of Boxton, Mr. Craig of Readfield, and Mr. Houdlett of Dreaden, were appointed to wait on Governor Kent and inform him of his nomination by the Convention. The committee reported through Mr. Randull, that they had notified Mr. Kent of his nomination, and that he accepted, and further said that he fent highly gratified by the confidence again re-

posed in him. ---On motion of Mr. Tenney, a committee conisting of Mr. Tenney of Norridgewock, Mr. Donne of Orrington, Mr. Vosc of Augusta, Mr. Robinson of Ellsworth, Mr. Dumont of Hallow-Il, were appointed to take into consideration the subject of a National Convention to nomiriate candidates for President and Vice President, and to Report Resolutions expressive of the sense of this Convention, on the various subjects before it which committee subsequently reported the following Resolves, which

1. Resolved, That with feelings of State pride, we again present to our fellow citizens of Maine, the Hon, EDWARD KENT, for the office of Chief Magistrate that we take pleasure in referring to his first official act as meeting a warm esponse from a susjointy of the people of this State, and a hearty tribute of admiration from the intelligent regularizan citizens of our sister States; and that in all his - I ... Joning ., he has given the highest proofs of zeal for the honor nd interests of Maine, and ardent devotion to the cause of republican freedom; and above all determination to act upon principle, in the discharge of the arduous duties which he has

been called upon to perform. 2. Resolved, That by the re-election of the Hon. Edward Kent, the citizens of this State would honor themselves as much as they honored him by giving him their suffinges; his talto sound political principles are a sufficient gnarantee, that the object of his administration will be the "greatest good of the greatest num-

5. Resolved, That we consider the progress the State, and the speedy settlement of our public lands, to be objects of the first importance to our prospertity and pc er; And that the advancement of these great objects must essentially depend upon a restoration of public confidence, and the return of a sound national

6. Resolved, That the claim made by Great Britain, to the jurisdiction and possession of an extensive and valuable portion of our territory, is wholly unfounded; and that the capture and impreominent of our fellow citizens while attending to their public duties thereon, are high intoxication and that we deeply tegre that no handed offences against our State and the general government; and the allegations that such acts were for aggressions committed within the province of fiew bridgswick, is a grove insult to our national sovereignty.

7. Resolved, That the right of Maine to this territory, the occupation and enjoyment of the same by her citizens, has been fully recognized by condimeter at the Court of St. James, and we therefore exercise no more than our right in demanding of the general Government. an immediate establishment of the North Feeting honodary, by running the line thereof, taking such measures as shall render all our fellow oitizens seemre from insult and molestation.

8. Resolved, That the proposition made by Commissioners of this State in 1832, to transfer a portion of its territory and its citizens for a pretended "indemnity," with the express deign that such territory should become the property of a toreign power, was derogatory to the honor of our State; and that in our opinion there can be "ample indemnity" for the allegiance of American citizens.

9. Besolved, That we but utter the sentiment and feeling of every friend to the interests of this State, when we express our sense of the services of the Hon. George Evans, Representative in Congress, from the Kennebec district, who has uniformly and ably detended the integrity of our territory, and who has always demanded of the general Government protection and defence, and in maintaining our rights against foreign aggression.

10. Resolved. That we have every reason to distrust the wiadom of those principles which govern the present administration of our national affairs; and that the results of those principles have shown them to be indefensible upon any ground of patriotic feeling or sound policy. 11. Resolved, That we consider the Sub-

Treasury system, recommended by President Van Buren, and now actuated in Chingtese, to be intended as the perfection of an original design to render the influence and power of a party independent of the people's will, by plaring the prople a money in the hands of a party Executive, and subject to the control of himself and his adherents, and that we deprecate the hnal consummation of this design not only as tikely, to be attended, with dissistrous consequences to our national and individual prosperity but as tending to undermine the foundation of our free institutions.... 12 Resolved, that in the warfare which has

been waged by the past, and is now waged by the present administration, against the established currency of the country, and in all the pretexts which have been used to justify, it, the people may plainly dissern a disregard of their of Government. I have the first duties this city, in the Post Office Avenue, and give of Government. 13. Resolved. That if proof were wanting

of such disregard and abandonment of duty on the part of our present rujers, it may be foundin the position advanced and supported by them that there may be cone currency for the Government and another for the people, a doctrine voters, and to correct the Ward lists, the atrocity of which is only equalled by the nardthood of those who support it .... 14. Resolved, That the great and

aim of good government is the happiness and welfare of the governed - that the public officer who would seek to establish a separation between the interests of Government and those of the people under its authority, preventa the great offect of its creation, and, if not in heart a tyrant, is grossly ignorant of his duties, or a traitor to lus trust therefore ...

15. Resolved, That it is our duty to withhold our approbation and support from those who advocate a separation, and to procure, if possible, such men to rule over us, as are willing to identify their-interests: with: the Whole

16. Resolved. That recent elections through out the Union, turnsh evidence of a determination on the part of the people, to take ourse of themselves and their interests, by effecting, as speeduly as possible, a final separation between themselves and those individuals who now control our national nifairs.

17. Resolved, That we fully concur in the ecommendation of a National Convention, to be held at an early day to be designated by our Whig friends in Congress, for the purpose of selecting candidates for the offices of President and Vice President of the United States, at the ensuing closton; and enterphing the follest confidence that a selection thus made will be most judicious, and will receive our warm, sp. probation, we pleage ourselve cordially to abide by and support it.

NEW AND VALUABLE SCHOOL BOOK!

THE attention of School Committees, Teachers and Porents, is invited to the examination of the "JUVENILE READER," a selection of easy Reading Lessons by a Teacher, a new admin at which, revised and corrected, we have just published. It is believed that the book is one which has been very much wanted in our common schools, and indiced it was compiled at the request of many of our best Teachers. The compiler is a gentleman of known abilities, and long experience in his proceed tession. The pieces in this buok, are chiefly sedested from popular works designed for youth, and is believed, will have a healthy moral influence in those schools in which it is adopted. The book comes at a very low price and has been adopted in a great many Schools with decided approbation, and having been stereotyped, is free from the danger of having any alterations made in it, which is the greatest trouble with all school books.
Those connected with schools, or interested in

any manner, are requested to call and examine it 17 West Market Square.
